Auction Rules

You will be given your bid number as you check in. Use this number for identification in both the Silent and Live Auctions.

Silent Auction

- ✓ The Silent Auction begins upon arriving, and will be closed when designated by the auctioneer, prior to the beginning of the Live Auction. To bid on an item, write your bid number opposite the desired bid amount. No bid may be lower than the previous bid on the bid sheet. If an entry is not legible, the previous entry will be used.
- ✓ If you want to secure an item, write your bid number in the box labeled "Guaranteed Bid" and it is yours! Once a guaranteed bid has been entered, the bidding on that item is finished.
- ✓ Entry of your bid number on the bid sheet constitutes a legal contract to buy.
- ✓ When the closing of the Silent Auction is announced, all bidding ceases. The closing bid, certified by an auction official, shall constitute a winning bid.

Live Auction

- ✓ Bidding will begin at the prompting of the auctioneer, approximately 8:00 pm. To enter a bid, signal either the auctioneer or one of the spotters. Use only the bid number assigned to you. Please hold your bid number high so it can be easily seen.
- ✓ The auctioneer will acknowledge successful bidders. A bid acknowledgement by the auctioneer is a legal contract to buy and the purchaser will confirm the sale by signing an auction acknowledgment.

General Rules

All items are final sale and are sold as is. There will be no exchanges or refunds.

We encourage payment by **check or cash**. MasterCard or Visa credit cards are accepted via PayPal only. All items must be paid for and removed from the premises the night of the auction. We reserve the right to hold any items until full payment is verified.
